ALL AMERICA MUST ASSIST -- HARDING

Whole Country Must Commit Itself to Solving Unemployment, President Tells Conference

WILL NOT FAIL, PREDICTION

Conference Adjourns Until 3 P. M. After Harding's Address and Speech by Hoover

Washington, Sept. 26—All America must commit itself to the solving of the unemployment problem, President Harding declared today.

Opening the national unemployment conference, the president confidently predicted the United States will not fail in the task which he characterized as an advance drive of peace.

"All America has never failed when committed to a common cause," he said.

After Harding's address and a speech by Secretary of Commerce Hoover, the first session of the conference adjourned until 3 p. m.

Both Harding and Hoover emphasized that the situation must never be solved by the giving of government aid from the public treasury.

The president made it very clear that the federal treasury must not be called upon to relieve the situation. He insisted that the remedy lies in the cooperation of capital, labor and the public.

"Fundamentally sound, financially strong, industrially unimpaired, commercially consistent and politically unafraid, there ought to be work and our condition at home and our place in the world depends on everybody going to work and pursuing it with that patriotism and devotion which make for a happy people," Harding said.

America, he added, is now suffering from a war inheritance which was inevitable and prompt mitigation is imperative.

Cooperative service to the unemployed and not charity must be the aim of the conference, Secretary Hoover declared in his brief speech outlining the program in a general way.

The "dole" given unemployed in other countries is "the most vicious of systems ever introduced into government," Hoover said.

"The present degree of unemployment can not continue if our moral and economic system is to survive," Hoover continued. Outlining the general program of the conference, Hoover said the first task to gather facts about the unemployment, as to the value and character, because the problem depends upon the weight of the problem.

The next immediate need will be to cope with the restoration of commerce which must be assisted, and the prevention measures against

MACHINES COLLIDE WEST OF REEDVILLE

Manley Pearce's Car Badly Damaged When Struck By Another Machine Near Culvert

OCCUPANTS SLIGHTLY HURT

Mr. and Mrs. Manley Pearce were slightly injured yesterday afternoon about 5:30 o'clock in an automobile accident, a mile and a quarter west of Reedville on the Brookville road.

The Pearce machine was just nearing a small culvert across the road when a large machine was crossing it, running about thirty-five miles an hour. The rear end of the large machine skidded and in order to avoid going into the ditch the driver turned the machine directly into the Pearce machine.

Mr. Pearce's automobile was badly damaged, the right front wheel being torn off, the axle broken and the two fenders badly smashed. Mr. and Mrs. Pearce received only slight injuries. The name of the driver of the other machine was not learned.

MANY CALLERS VISIT PRIVATE CAR SUNDAY

Mrs. Willona Parsons Exchanges Greetings With Old Acquaintances While on Brief Visit

OLD PICTURE SHOWN TO HER

Mrs. Willona Parsons of New Orleans, wife of J. H. R. Parsons, vice-president and general manager of the Southern Pacific lines, who spent Saturday and Sunday here, together with Mr. Parsons and their daughter, Miss Anna Parsons, received many callers Saturday evening and Sunday, after it became known that they were in the city.

Mrs. Parsons, who was formerly Miss "Will" Stockham, was reared in Rushville and returned to this city to renew old acquaintances. A score or more men and women who knew Mrs. Parsons as a young woman in Rushville called at the Parsons private car, which was parked in Fourth street, near Harrison, and talked over with her the early days in Rushville.

Mrs. Parsons is the daughter of Joe Stockham, who was a shoe cobbler while a resident of Rushville and is remembered by many of the older people of the community. Mrs. Parsons was a clerk in Maury and Denning's store, now the Maury company. One of the interesting things she found during her visit here was a picture of the clerks in this store when she was employed there.

Mr. and Mrs. Parsons and daughter took an automobile ride about the city Sunday afternoon and left Sunday night for Chicago.

"RIOT ACT" READ IN BELFAST TODAY

Reinforcements Rushed to Ulster Capital When Fresh Riots Break Out at Noon

8 DEATHS OVER WEEK-END

Four Are Killed And Many Wounded When Bomb, Failing to Explode, is Tossed Back

(By United Press)

Belfast, Sept. 26.—The "riot act" was read in Belfast's disturbed area this afternoon for the first time in history. Reinforcements were rushed to the Ulster capital to check the sporadic outbursts of fighting.

Fresh riots occurred here shortly before noon today and several persons were seriously wounded.

Crown forces which had temporarily stopped the sectarian warfare of early morning, were again called out in armored cars and forced to pour machine gun fire into the opposing mobs.

Fierce, sporadic fighting between Catholic and Protestant mobs continued throughout the night and early today, the military were still trying to disperse the battling factions.

Volleys of revolver and rifle fire took place shortly after midnight and brought out the armored cars and repeated bursts of machine fire cleared the battle area of rioters. No sooner had the Crown forces left the scene than the mobs again came together.

Eight deaths, four resulting from a bomb explosion earlier in the night's fighting and seventy wounded, was the toll of casualties for the week-end. Two young girls and a boy were wounded by rifle fire early today.

Many of the Civil War veterans were accompanied here by their wives, and the auxiliary divisions were busy today preparing to entertain them during their stay in Rushville. L. B. Downey of this city is president of the reunion association. The meeting was held here last year, at which time 22 veterans registered.

This morning the comrades were busy renewing acquaintances and in registering. They came from all parts of this section of the state. At noon today they were banqueted at the Windsor hotel by the Woman's Relief Corps, and thirty-three guests were present at the meal. Lunch will be served to all Civil War veterans in the court house assembly room preceding the program at 7:30.

DIVORCE SUIT IS STARTED IN COURT

Case of Emmogene Locke Against Anthony Locke of Connersville Involves \$20,000 Alimony

OSCAR REPPERT REPORTS

Cited For Contempt of Court For Failure to Obey Decree—Another Hearing to be Held

A divorce case involving prominent Connersville people, began in the Rush circuit court this morning, before Judge Gates Ketchum, special judge who was appointed to hear the case, the suit being that of Emmogene Locke against Anthony Locke.

Approximately 40 witnesses were summoned for the case, and several days may be required for the introduction of the evidence. The defendant in the case is said to be a real estate broker and has accumulated much money in that business.

Mrs. Locke in her suit alleges that they were married and lived in Kentucky before moving to Connersville, and during the war Mr. Locke made small investments in real estate and his business grew to such proportions that he soon was wealthy.

She alleges further in the complaint that he could not stand the prosperity, and that he neglected her and bestowed his affections upon another woman. The plaintiff in her case is demanding alimony said to be \$20,000.

Several witnesses were questioned today, and all of them were excused from the court room only during the time that they were on the stand. The case was venued here from Connersville and the defense asked for a change from Judge Sparks, which was granted, and which resulted in the appointment of Gates Ketchum.

The plaintiff is represented by Ralph Hilemick of Connersville and Pittsworth and Pittsworth of this city, and the defense by I. N. McCarty of Brookville and Edwin Johnston of Connersville.

Oscar Reppert, who was ordered to report in court Saturday on a citation for contempt, by Anna Reppert, divorced wife, appeared and the matter was taken under advisement by Judge Sparks and continued for 30 days. The citation was ordered on allegations that he was not making payments for support, according to a decree. He was also ordered to bring cancelled checks at his next hearing.

The suit of John D. Hart against Perry S. Hitchcock, et al., a complaint, and the costs paid.

The petition of Ed Woods against Burton Robbins, the action being to restore sanity, was heard Saturday and the matter taken under advisement by the court.

EFFORT TO STAMPEDE MINE WORKERS FAILS

Followers of Alexander Howat Lose in Effort to Sway Indianapolis Conference

WAS PLANNED IN ADVANCE

Indianapolis, Ind., Sept. 26.—Followers of Alexander Howat tried vainly to stampee the United Mine Workers convention here today.

Two of the delegates and international officials tried to uphold the action of the union executive board which Howat had defied. Cries of "Throw him out," "Sit down," "Roten" and "Give us a square deal" intermingled the speeches at various times.

Vice-president Murray pounded for order several minutes before Secretary William Greene could start talking. "You are not going to stampee this conference," Murray shouted as a number of delegates shouted for recognition.

It was reported on the convention floor that Howat had called his followers into conference last night in an effort to perfect a plan to sway the conference to uphold him.

WARNED TO WATCH FOR ARMY WORMS

Farmers Urged to be on Outlook For Fall Outbreak of Pest Which Damages Crops

ARE FOUND IN TWO COUNTIES

Clover and Alfalfa Are in Danger, But Other Crops Are Too Far Along to be Injured

A warning to farmer and county agents to be on the watch for an outbreak of the fall army worm, has been received from the agricultural experiment station of Purdue university at Lafayette, at the office of the county agent, D. D. Ball.

The warning came following receipt of reports from Lawrence and Laporte counties, widely varying sections of the state, that the worms had been discovered there and that they were doing considerable damage to alfalfa and clover.

"The fall army worm is quite different in appearance from the common army worm which occurs in Indiana nearly every year," says a statement from Prof. J. J. Davis, head of the entomology department. "It is a dark gray to black caterpillar, resembling in size and shape the common army worm. The lower half of the body is a sort of yellow or pale. The head is black with a Y shaped suture, more conspicuous than is most other common caterpillars. The larvae are greedy feeders and attack many crops. In general, crops now growing are too far along to be much damaged but young clover and alfalfa fields, if defoliated now, might be permanently damaged or killed outright. Care should be taken to detect the presence of the army worm in such fields as quickly as possible."

Spraying the crop with an arsenical spray, such as powdered arsenate of lead mixed at the rate of one pound to 30 gallons of water, or the use of poison bait such as it used in controlling grasshoppers or cutworms, may be used. If the worms are traveling from one field to another, a furrow may be plowed in front of them and the bait scattered in the furrow.

The poison bran bait is made by mixing 1/4 pound of Paris green or 1/2 pounds of white arsenic, with 25 pounds of bran. Then add two quarts of strong, cheap blackstrap molasses, which has been diluted with three or four quarts of water. Add additional water if necessary, to make a damp, crumbly mash, which must not be soppy. This is scattered broadcast at the rate of 10 pounds to the acre.

Reports also have been received from Elkhart, Fulton and Lagrange counties of damage to alfalfa by garden web worms. They may be controlled by the same arsenate of lead spray as that used for army worms, but the poison bran bait is ineffective against this pest.

FATTY PLAYS ROLE OF HIS OWN LAWYER

Arraigned on Manslaughter Charge Which is Put Over Until Oct. 3 Due to Murder Hearing

USUAL CROWD OF WOMEN

San Francisco, Cal., Sept. 26.—Roscoe "Fatty" Arbuckle played the role of his own attorney in Supreme Court Judge Loderbach's court today when he was arraigned on the grand jury indictment for the manslaughter in the connection of the death of Miss Virginia Rappe.

Arbuckle's attorneys were not in court when the case was called. "That is all right, I am willing to go ahead without them," Arbuckle stated.

The case was formally called but put over until October 3 on account of the preliminary hearing on the murder charge now in progress. The usual crowd of women crowded Police Judge Lazaraus room before the opening of the day's session on the preliminary hearing scheduled for 10:30.

NEW YORK STOCK MARKET

New York, Sept. 26.—Oils and Steel, opening fractionally higher on the New York stock exchange today, were reactionary during the early trading and many other stocks dipped in the first hour. Some rails and independent steels were firm.

The first sale of Royal Dutch was up ¾ at 45 but the stock took a quick tumble to 43¾. Mexican Petroleum opened at 102, up ½, but then sold off over 2 points to 99½. The Pan Americans were fractionally lower.

Steel common opened up ¾ at 80, but this gain was quickly lost. Southern Pacific was off ¾ at 80.

Of the rails, Union Pacific and New York Central maintained their fractionally higher opening prices. Floor traders were bearish and were still selling stocks at the end of the first hour. They made little real progress, however, Steel stocks retaining strength and United States Steel selling at 80½, its previous high.

Encouraging Signs

While the legislation intended to bring about an early settlement of the accounts between the railroads and the government arising from the

period of federal control have been delayed by the congressional recess certain steps for the purpose of providing funds which the railroad administration may use in settling with the roads have been taken in the meantime. The railroad administration holds over \$300,000,000 of six per cent equipment trust certificates which it accepted from the roads in payment for the standard cars and locomotives ordered during the period of federal control, which under the law it may not sell at less than par and accrued interest. The bill which has passed the house and is now pending in the senate would authorize the war finance corporation to purchase these and other railroad securities held by the government and to hold them until market conditions are favorable. During the congressional recess an effort was made to test the market and it was found that some of the best of these certificates could be sold at par and interest at the present time. On September 12 it was announced that the director general of railroads had sold \$7,500,000 of certificates to Kuhn Loeb and Company of New York, through the agency of the War Finance Corporation, on September 19 announcement was made of the sale of \$20,204,000 additional to various banks and an insurance

company and on the following day \$5,479,500 were sold.

The railroad administration has now effected final settlements of all its accounts and claims arising from the federal control with a considerable number of the larger roads.

This is encouraging news for those who are looking for signs of better times ahead. The stabilization of the railroads following the unusual conditions during the war, is regarded as the basis for the return of prosperity, and the gradual return of the nation's transportation business is evidenced by a number of important reductions in freight rates which have been announced by the interstate commerce commission as a result of conferences between the commission, the railroads and the shippers.

On September 10 the commission approved heavy reductions on five days' notice in interstate freight rates on sand, gravel, and crushed stone between practically all points in trunk line territory, including Pennsylvania, New Jersey, Delaware, Maryland and parts of West Virginia and Virginia. The new rates were to go into effect on October 1 and will be approximately 15 per cent higher than the rates in effect prior to the general increase of August, 1920, thus substituting a 15 per cent increase for a 40 per cent increase. The amount of the saving to the shippers was estimated at over a million dollars a year.

On September 20 the commission announced that after a conference between representatives of the transcontinental carriers, western vegetable shippers and the commission, a decision had been reached to make reductions desired by the shippers in the rates on vegetables from California and other Pacific coast territory points to the territory east of the Rocky Mountains as far as Chicago and the Mississippi River. The basis to be employed is to substitute for the increase of 33 and one-third per cent made on August 26, 1920, an increase of 15 per cent over the rates in effect prior to the general increase, thus removing more than half of the increase made at that time. The western roads have also announced a general reduction in livestock rates in the western territory estimated at upwards of \$10,000,000 a year, in response to the report of the Interstate Commerce Commission in which it recommended, but did not order, a reduction in livestock rates on account of the needs of the livestock industry. The Commission authorized the roads to put the tariffs in effect on short notice to become effective September 20, reducing by 20 per cent all carload rates on cattle, hogs and sheep west of the Mississippi River and Chicago which were higher than 50 cents a hundred pounds. In many cases this will result in eliminating the entire increase made in August, 1920.

The dignity of the senate has its advantages, after all. It enables men to call each other bad names without paying the penalty extracted by human beings.

With the Yankees and the Giants doing battle in the coming world's series, one would be inclined to believe that we had returned to the early days.

There will probably be no brotherly love displayed when Irish Meusel of the Giants and Bob Meusel of the Yankees get into the world's series.

Borah will find the road of the professor more difficult to travel this time, but it is doubtful if he will be convinced that he is wrong.

AMUSEMENTS

"If Women Only Knew"

"If Women Only Knew," the new Robertson-Cole release, has a dramatic value seldom found in photoplays of today. It has to do with one of the paramount issues of our times and, while not in any sense bordering on the sermon variety of pictures, brings forth in a vivid manner an object lesson. Character delineation, as we find the characters in our everyday life, is one of the strong points of the story. The production is a record breaker and will be shown at the Mystic today and Tuesday.

The value of a woman's sweet and unselfish love is deftly brought out in the picture. A vivid comparison between such a woman and the frivolous, vain type is clearly shown. Most striking of all is the depiction of the young man who, having his choice of the two, is unable to decide which way to turn. He picks the vain glorious type and the theme is built around the results of his mistake.

Bebe Daniels at Princess

"One Wild Week," in which Bebe Daniels will be seen here today and Tuesday at the Princess Theatre, is the story of an orphaned heiress who has lived a rather cheerless life with an overbearing aunt until her eighteenth birthday, when she makes a break and goes to the city to visit an old friend of her dead mother's. At least she starts for the city home of Mrs. Brewster, but through a plausible combination of circumstances, she really arrives at quite another place.

There is a likeable young man played by Frank Kingsley. He meets the girl early in the story, and becomes her champion from that moment. It is typical, however, that when he goes back to the reformatory—yes, that's where she landed—to assure her that he will get her released, she borrows his car and, with three other girls, makes her own escape right then. She has more adventures, however, before she finally disposes of Aunt Emma's claim to her fortune, and secures it to herself—and her prospective husband.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Mrs. Albert S. Gard, Oliver St., says: "Doan's Kidney Pills surely are a fine medicine. I have used them a number of times when my back has been lame and sore. It has been hard for me to stoop on account of the sharp pains in my back. My kidneys were weak and didn't act right. I heard of Doan's Kidney Pills at this time and purchased a box, which soon relieved the trouble. After using a few more boxes I was rid of the complaint."

No Chance to Do Any Salvaging Here

A Two-Fisted Job

FOR many years the Standard Oil Company (Indiana) has been perfecting an organization with the sole purpose of giving the consuming public a maximum of service at a minimum of cost.

To do this, four large refineries have been built and equipped; 3,700 bulk stations have been placed at strategic points throughout the 11 states served; more than 1,300 service stations have been located at convenient points so that Standard Oil Company (Indiana) products may be obtained every few miles in the country and every few blocks in the city.

Fleets of tank wagons and motor trucks are always in service ready to deliver Red Crown Gasoline, Perfection Kerosene and other Standard Oil products to consumers, wherever they may live.

In organizing this vast network of service, those responsible for the management of the Company have had two major objects in view; first to reduce the cost of manufacturing, marketing and distributing to the lowest point possible; second, to make prices which would be fair to the consuming public.

While mindful of the rights and privileges of its competitors, the Standard Oil Company (Indiana) believes that its first duty is to the consuming public.

During the present unsettled conditions in the petroleum industry, this Company has reduced the selling price of its goods as rapidly as sound management would permit, and it proposes to continue this practice.

This policy conforms to the established practice of the Company of letting service take care of volume, and volume take care of profits and return to the 20,621 stockholders, not one of whom owns as much as 10 per cent of the capital stock.

ARLINGTON ATHLETIC CLUB LOSES OPENER

Football Team is Defeated Sunday at Greenfield, 13 to 6, With Two Good Men Absent

COMPLETED 45-YARD PASS

The Arlington Athletic Club lost its first game of the season yesterday afternoon to the Greenfield team in that city, losing the contest in the last three minutes of play, 13 to 6. It is considered a splendid showing for the Arlington team, when it is recalled that last year Greenfield won 34 to 7, and also the Arlington team was short the two Northam brothers in the game yesterday.

The game started with Arlington receiving the kick-off, but both teams battled to a blank for the first two quarters. In the third quarter Greenfield scored on a 30 yard end run, but failed to kick the goal. In the scrimmage following, Krammes of Greenfield deliberately slugged Beach of Arlington, and his team was penalized 40 yards and the player was disqualified.

Arlington completed a 45 yard forward pass, Wilcoxon to Wicker and Beach made eight yards through the line. Greenfield was again penalized and Arlington scored, but failed to kick the goal, tying the score 6 to 6 at the end of the third quarter. Three minutes before the end of the game Greenfield took the ball 55 yards for a touchdown and kicked the goal, giving them seven points. The game ended with the ball on Greenfield's 40 yard line.

ARLINGTON RED SOX WIN

The Arlington Red Sox defeated the Little Flat Rock baseball team Saturday afternoon on the diamonds in Arlington, the score being 4 to 2. The game was a good one from beginning to end, and Little Flat Rock out hit the Arlington team, but five errors proved costly. Wicker pitched for the losers and Ornes was on the mound for Arlington. The score by innings:

VISITORS LOSE BY A NARROW MARGIN

Andersonville Loses to Tail Lights Sunday, 3 to 1, In One of Most Interesting Games

CLEVER STINGY WITH HITS

Rushville Gets to Croddy For Seven Bingles, One a Double and Another a Triple

The Tail Lights crushed the Andersonville's challenge here Sunday afternoon, when the down county baseball team was defeated by the score of 3 to 1, in one of the most interesting games of the season, and which was attended by an almost record breaking crowd.

Clever was stingy with his hits, and the Andersonville players could collect only four bingles, and ten players fanned. Croddy was in good form, and almost kept a clean record for his team, but the Tail Lights secured seven hits, one a double and another a triple, which went a long way in winning the game.

Rushville got off to good start in the very first inning when two runs were made, and the visitors didn't make their tally until the fourth frame. Clever kept his hits well placed, and Croddy also pitched out of several bad places.

The score by innings follows:
First Innings—Andersonville—Wicker out, George to Bennett. Bell hit through the box. Talbert singled to right and Bell took third. McCarty fanned and Pruitt popped to Shaw. No runs, two hits, no errors.

Rushville—Joyce whiffed. George popped to Croddy. Bennett hit to left for two bases. Pierce flew to center field and Bell missed the catch scoring Bennett and Pierce reaching second. Byrne hit to left and Pierce scored. Clever made the third out, Pruitt to Moore. Two runs, two hits, one error.

Second Inning—Andersonville—Moore out, Clever to Bennett. Reeve safe on first when Byrne missed the third strike. Reeve caught off first, Clever to Bennett to Joyce, who covered the base. Ricketts popped to Shaw. No runs, no hits, one error.

Rushville—Smith hit over short. Shaw sacrificed Smith to second. He was out, Ricketts to Moore. Sharp and Joyce each fanned in order. No runs, one hit, no errors.

Third Inning—Andersonville—Croddy swung hard at the ball, and let the bat slip from his hands, which struck the screen above players bench, but the batter fanned. Wicker whiffed also and Clever had tossed up only six balls so far this inning. Bell was out, Clever to Bennett. No runs, no hits, no errors.

Rushville—George struck out. Bennett hit a liner and Croddy knocked it down, Pruitt throwing him out at first. Pierce lined over to short who jumped but could not get a hold of the ball. Pierce took second on a passed ball. Byrne out, Talbert to Moore. No runs, one hit, no errors.

Fourth Inning—Andersonville—Talbert walked. McCarty hit to Shaw who threw too late to Joyce at second, but McCarty was out at first. Joyce made a nice stab at Pruitt's liner and missed a double at second. Moore fanned. Talbert stole third. Reeve walked. Ricketts hit over second scoring Talbert, but Pierce made a nice peg and Byrne caught Reeve at the plate, who was trying to reach home from second. One run, one hit, no errors.

Rushville—Clever out, Pruitt to Moore. Smith out, Reeve to Moore. Shaw out, Croddy to Moore. No runs, no hits, no errors.

Fifth Inning—Andersonville—Croddy out, Joyce to Bennett. Wicker hit by pitched ball. Bell bunted, but was out, Byrne to Bennett.

Watching Score Board

Yesterday's hero: "Red" Thomas, Chicago Cub rookie, won two games from the Braves. He singled and drove in two runs in the twelfth inning that won the first game, 4 to 3. He doubled in the twelfth inning of the second game and scored the run that won, 8 to 7.

The New York Yanks got 20 hits off three Cleveland pitchers, and forged ahead in the American League race by beating the champions 21 to 7.

Washington made it seven straight and closed in on third place by beating the Tigers 3 to 2.

Irish Meusel with two doubles and two singles led the Giant attack which gave the league leaders a 5 to 2 victory over the Cardinals.

Senor Adolfo Luque pitched the Reds to a 6 to 2 victory over the Robins in their last games together.

ASSUMES DOUBLE NEW YORK ASPECT

Major League Pennant Races Look to be Sewed up by The Giants And Yankees

PRO AND CON OF SITUATION

New York, Sept. 26.—Major league pennant races assumed another double New York aspect today. The Giants had increased their lead over the Pirates to three full games while the Yankees were ahead of the Indians by one game.

If the Giants win four of five remaining games, they have the pennant. If they win three they can get nothing worse than a tie regardless even if the Pirates win all of their seven remaining games.

The Yankees have seven more games to play while five more remain on the Indian schedule.

If the Yanks win four out of seven the Indians will have to win all their five remaining games. If the Yanks win only three out of seven the Indians will have to cop four out of five.

FILLS ORANGE PULPIT

The Rev. Mr. Cunningham of Indianapolis filled the pulpit of the Christian church of Orange both morning and evening Sunday.

THIS TIME LAST YEAR

Brooklyn beat the Giants 2 to 0, with Marquard pitching against Toney, Douglas and Sallee. The victory made it possible for Brooklyn to hold the pennant at a tie and put the Robins within one victory of the clear title.

REVIVALISTS PREACH PLAIN GOSPEL TRUTH

E. M. Cornelius And R. L. Hollenback Speak to Steadily Increasing Crowds at Coliseum

SPECIAL MUSIC IS FEATURE

The Rev. E. M. Cornelius and the Rev. R. L. Hollenback who are conducting the evangelistic meetings at the coliseum are preaching the plain Gospel truth, it is declared by people who have been attending revival. Saturday night the Rev. Mr. Hollenback preached on "The Spirit of Crucifixion," emphasizing the need of a crucified life—a life dead to sin and the world. At the close of the sermon there were three converts.

Sunday night's service was characterized by a good sermon "The Judgment" by the Rev. Mr. Cornelius. Some special features were two duets, on "The Grumblers" and the other "Good-bye Pharaoh." These were greatly enjoyed.

The crowds have steadily increased each evening and prospects bid fair to better crowds this week.

SHE STAYED IN BED FOR WEEKS AT TIME

Indianapolis Woman Suffered Seven Years—Like Different Person Now

"Tanlac is our family medicine from now on and both myself and my wife are strong for it," said John Badgley, 17 East Carson St., Indianapolis, Ind.

"Well, sir my wife used to lie in bed for weeks at a time all crippled up with rheumatism. Her health first began to give way seven years ago and during all these years she complained of stomach trouble and disordered kidneys. She had suffered so long and was losing ground so steadily that I was very much discouraged over her condition.

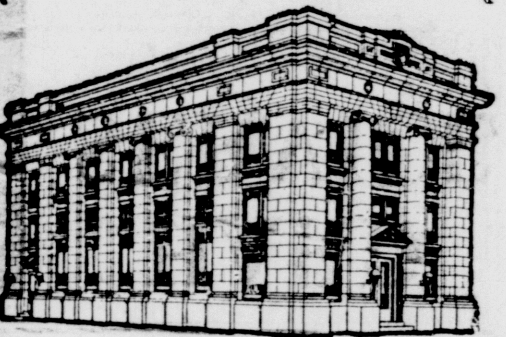

"She is like a different person now and has put on fifteen pounds in weight. Since I've seen what Tanlac has done for her, I am not surprised that so many people praise it."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

ALL AMERICA MUST ASSIST -- HARDING

Whole Country Must Commit Itself to Solving Unemployment, President Tells Conference

WILL NOT FAIL, PREDICTION

Conference Adjourns Until 3 P. M. After Harding's Address and Speech by Hoover

Washington, Sept. 26—All America must commit itself to the solving of the unemployment problem, President Harding declared today.

Opening the national unemployment conference, the president confidently predicted the United States will not fail in the task which he characterized as an advance drive of peace.

"All America has never failed when committed to a common cause," he said.

After Harding's address and a speech by Secretary of Commerce Hoover, the first session of the conference adjourned until 3 p. m.

Both Harding and Hoover emphasized that the situation must never be solved by the giving of government alms from the public treasury.

The president made it very clear that the federal treasury must not be called upon to relieve the situation. He insisted that the remedy lies in the cooperation of capital, labor and the public.

"Fundamentally sound, financially strong, industrially unimpaired, commercially consistent and politically unafraid, there ought to be work and our condition at home and our place in the world depends on everybody going to work and pursuing it with that patriotism and devotion which make for a happy people," Harding said.

America, he added, is now suffering from a war inheritance which was inevitable and prompt mitigation is imperative.

Cooperative service to the unemployed and not charity must be the aim of the conference. Secretary Hoover declared in his brief speech outlining the program in a general way.

The "dole" given unemployed in other countries is "the most vicious of systems ever introduced into government," Hoover said.

"The present degree of unemployment can not continue if our moral and economic system is to survive," Hoover continued. Outlining the general program of the conference, Hoover said the first task to gather facts about the unemployment, as to the value and character, because the problem depends upon the weight of the problem.

The next immediate need will be to cope with the restoration of commerce which must be assisted, and the prevention measures against unemployment.

Manley Pearce's Car Badly Damaged When Struck By Another Machine Near Culvert

OCCUPANTS SLIGHTLY HURT

Mr. and Mrs. Manley Pearce were slightly injured yesterday afternoon about 5:30 o'clock in an automobile accident, a mile and a quarter west of Reedville on the Brookville road. The Pearce machine was just nearing a small culvert across the road when a large machine was crossing it, running about thirty-five miles an hour. The rear end of the large machine skidded and in order to avoid going into the ditch the driver turned the machine directly into the Pearce machine.

Mr. Pearce's automobile was badly damaged, the right front wheel being torn off, the axle broken and the two fenders badly smashed. Mr. and Mrs. Pearce received only slight injuries. The name of the driver of the other machine was not learned.

MANY CALLERS VISIT PRIVATE CAR SUNDAY

Mrs. Willona Parsons Exchanges Greetings With Old Acquaintances While on Brief Visit

OLD PICTURE SHOWN TO HER

Mrs. Willona Parsons of New Orleans, wife of J. H. R. Parsons, vice-president and general manager of the Southern Pacific lines, who spent Saturday and Sunday here, together with Mr. Parsons and their daughter, Miss Anna Parsons, received many callers Saturday evening and Sunday, after it became known that they were in the city. Mrs. Parsons, who was formerly Miss "Will" Stockham, was reared in Rushville and returned to this city to renew old acquaintances. A score or more men and women who knew Mrs. Parsons as a young woman in Rushville called at the Parsons private car, which was parked in Fourth street, near Harrison, and talked over with her the early days in Rushville.

Mrs. Parsons is the daughter of Joe Stockham, who was a shoe cobbler while a resident of Rushville and is remembered by many of the older people of the community. Mrs. Parsons was a clerk in Maunz and Denning's store, now the Maunz company. One of the interesting things she found during her visit here was a picture of the clerks in this store when she was employed there.

Mr. and Mrs. Parsons and daughter took an automobile ride about the city Sunday afternoon and left Sunday night for Chicago.

"RIOT ACT" READ IN BELFAST TODAY

Reinforcements Rushed to Ulster Capital When Fresh Riots Break Out at Noon

8 DEATHS OVER WEEK-END

Four Are Killed And Many Wounded When Bomb, Failing to Explode, Is Tossed Back

(By United Press) Belfast, Sept. 26.—The "riot act" was read in Belfast's disturbed area this afternoon for the first time in history. Reinforcements were rushed to the Ulster capital to check the sporadic outbursts of fighting.

Fresh riots occurred here shortly before noon today and several persons were seriously wounded.

Crown forces which had temporarily stopped the sectarian warfare of early morning, were again called out in armored cars and forced to pour machine gun fire into the opposing mobs.

Fierce, sporadic fighting between Catholic and Protestant mobs continued throughout the night and early today, the military were still trying to disperse the battling factions.

Volleys of revolver and rifle fire took place shortly after midnight and brought out the armored cars and repeated bursts of machine fire cleared the "battle" area of rioters. No sooner had the Crown forces left the scene than the mobs again came together.

Eight deaths, four resulting from a bomb explosion earlier in the night's fighting and seventy wounded, was the toll of casualties for the week-end. Two young girls and a boy were wounded by rifle fire early today.

DIVORCE SUIT IS STARTED IN COURT

Case of Emmogene Locke Against Anthony Locke of Connersville Involves \$20,000 Alimony

OSCAR REPPERT REPORTS

Cited For Contempt of Court For Failure to Obey Decree—Another Hearing to be Held

A divorce case involving prominent Connersville people, began in the Rush circuit court this morning, before Judge Gates Ketchum, special judge who was appointed to hear the case, the suit being that of Emmogene Locke against Anthony Locke.

Approximately 40 witnesses were summoned for the case, and several days may be required for the introduction of the evidence. The defendant in the case is said to be a real estate broker and has accumulated much money in that business.

Mrs. Locke in her suit alleges that they were married and lived in Kentucky before moving to Connersville, and during the war Mr. Locke made small investments in real estate and his business grew to such proportions that he soon was wealthy.

She alleges further in the complaint that he could not stand the prosperity, and that he neglected her and bestowed his affections upon another woman. The plaintiff in her case is demanding alimony said to be \$20,000.

Several witnesses were questioned today, and all of them were excused from the court room only during the time that they were on the stand. The case was venued here from Connersville and the defense asked for a change from Judge Sparks, which was granted, and which resulted in the appointment of Gates Ketchum.

The plaintiff is represented by Ralph Hienick of Connersville and Tittsworth and Tittsworth of this city, and the defense by I. N. McCarty of Brookville and Edwin Johnston of Connersville.

Oscar Reppert, who was ordered to report in court Saturday on a citation for contempt, by Anna Reppert, divorced wife, appeared and the matter was taken under advisement by Judge Sparks and continued for 30 days. The citation was ordered on allegations that he was not making payments for support, according to a decree. He was also ordered to bring cancelled checks at his next hearing.

The suit of John D. Hart against Perry S. Hitchcock, et al., a complaint, and the costs paid.

The petition of Ed Woods against Burton Robbins, the action being to restore sanity, was heard Saturday and the matter taken under advisement by the court.

EFFORT TO STAMPEDE MINE WORKERS FAILS

Followers of Alexander Howat Lose in Effort to Sway Indianapolis Conference

WAS PLANNED IN ADVANCE

Indianapolis, Ind., Sept. 26.—Followers of Alexander Howat tried vainly to stampee the United Mine Workers convention here today.

Two of the delegates and international officials tried to uphold the action of the union executive board which Howat had defied. Cries of "Throw him out," "Sit down," "Roten" and "Give us a square deal" intermingled the speeches at various times.

Vice-president Murray pounded for order several minutes before Secretary William Greene could start talking. "You are not going to stampee this conference," Murray shouted as a number of delegates shouted for recognition.

It was reported on the convention floor that Howat had called his followers into conference last night in an effort to perfect a plan to sway the conference to uphold him.

THREE CARS CRASH AT LOCAL STREET CORNER

Ford Sedan Belonging to H. A. Stockdale of Cincinnati Turned Over in Mixup

TWO OTHER FORDS INVOLVED

A Ford sedan driven by H. A. Stockdale, 629 Straight street, Cincinnati, Ohio, was seriously damaged when it was hit and turned over by a Ford driven by Jesse Nicholson, Eighth and Oliver streets, Sunday afternoon about three o'clock at the corner of Main and Second streets.

Nicholson's car struck the sedan with such force that it not only turned the sedan over but ran into another Ford which was parked at the curb nearby. No one was seriously hurt in the accident, although the occupants of both cars were severely bruised.

The sedan had two bent fenders, two broken rear wheels, a bent radius rod and two broken axle shafts. Several of the windows were also broken. Nicholson's car was not so badly damaged.

The crash was heard for several blocks.

KILLED IN DUEL WITH SON

Connersville, Ind., Sept. 26.—Philander Hood, colored Civil War veteran, was killed in a revolver duel with his son here late Saturday night within a few hours after he had been initiated into a local G. A. R. post. Trouble over a grand-daughter, who had quit working at the elder Hood's home and refused to return, is alleged to have precipitated the fight.

WARNED TO WATCH FOR ARMY WORMS

Farmers Urged to be on Outlook For Fall Outbreak of Pest Which Damages Crops

ARE FOUND IN TWO COUNTIES

Clover and Alfalfa Are in Danger, But Other Crops Are Too Far Along to be Injured

A warning to farmer and county agents to be on the watch for an outbreak of the fall army worm, has been received from the agricultural experiment station of Purdue university at Lafayette, at the office of the county agent, D. D. Ball.

The warning came following receipt of reports from Lawrence and Laporte counties, widely varying sections of the state, that the worms had been discovered there and that they were doing considerable damage to alfalfa and clover.

"The fall army worm is quite different in appearance from the common army worm which occurs in Indiana nearly every year," says a statement from Prof. J. J. Davis, head of the entomology department.

"It is a dark gray to black caterpillar, resembling in size and shape the common army worm. The lower half of the body is a sort of yellow or pale. The head is black with a Y shaped suture, more conspicuous than is most other common caterpillars. The larvae are greedy feeders and attack many crops. In general, crops now growing are too far along to be much damaged but young clover and alfalfa fields, if defoliated now, might be permanently damaged or killed outright. Care should be taken to detect the presence of the army worm in such fields as quickly as possible."

Spraying the crop with an arsenical spray, such as powdered arsenate of lead mixed at the rate of one pound to 30 gallons of water, or the use of poison bait such as it used in controlling grasshoppers or cutworms may be used. If the worms are traveling from one field to another, a furrow may be plowed in front of them and the bait scattered in the furrow. The poison bran bait is made by mixing 1 pound of Paris green or 2 pounds of white arsenic, with 25 pounds of bran. Then add two quarts of strong, cheap blackstrap molasses, which has been diluted with three or four quarts of water. Add additional water if necessary, to make a damp, crumbly mash, which must not be soggy. This is scattered broadcast at the rate of 10 pounds to the acre.

Reports also have been received from Elkhart, Fulton and Lagrange counties of damage to alfalfa by garden web worms. They may be controlled by the same arsenate of lead spray as that used for army worms, but the poison bran bait is ineffective against this pest.

FATTY PLAYS ROLE OF HIS OWN LAWYER

Arraigned on Manslaughter Charge Which is Put Over Until Oct. 3 Due to Murder Hearing

SAN FRANCISCO, CAL., Sept. 26—

Rosecoe "Fatty" Arbuckle played the role of his own attorney in Supreme Court Judge Loderbach's court today when he was arraigned on the grand jury indictment for the manslaughter in the connection of the death of Miss Virginia Rappe.

Arbuckle's attorneys were not in court when the case was called. "That is all right, I am willing to go ahead without them," Arbuckle stated.

The case was formally called but put over until October 3 on account of the preliminary hearing on the murder charge now in progress. The usual crowd of women crowded Police Judge Lazarus' room before the opening of the day's session on the preliminary hearing scheduled for 10:30.

NEW YORK STOCK MARKET

New York, Sept. 26.—Oils and Steel, opening fractionally higher on the New York stock exchange today, were reactionary during the early trading and many other stocks dipped in the first hour. Some rails and independent steels were firm.

The first sale of Royal Dutch was up 3/4 at 45 but the stock took a quick tumble to 43 1/2. Mexican Petroleum opened at 102, up 1/2, but then sold off over 2 points to 99 1/2. The Pan Americans were fractionally lower.

Steel common opened up 3/4 at 80, but this gain was quickly lost. Southern Pacific was off 3 at 80.

Of the rails, Union Pacific and New York Central maintained their fractionally higher opening prices.

Floor traders were bearish and were still selling stocks at the end of the first hour. They made little real progress, however. Steel stocks retaining strength and United States Steel selling at 80 1/2, its previous high.
